

# Midlife Madness in SOUTH AMERICA

26 days - March 2017

## THIS GRAND CRUISE AT THE BOTTOM OF THE WORLD IS A Nature-Lover's Dream!

**T**HE BOTTOM END OF SOUTH AMERICA (WHERE we're going in March 2017 (next year) is a **NATURE-LOVER'S PARADISE** – offering vast sea landscapes (the Pacific, Atlantic, Cape Horn, the Southern Ocean) ... a kaleidoscope of unspoiled beauty (from Chile's breathtaking fjords and shimmering lakes to active volcanoes and glacial peaks) ... luxuriant rainforests (crammed with exotic lichens, wild orchids, rare flowers) ... mist-shrouded islands (including the remote Falklands) ... seductive cities (like Buenos Aires and Santiago) ... outpost towns (like Ushuaia, the closest the civilised world gets to Antarctica) ... and wildlife galore.

If you like bird-life, animal-life, sea-creatures, you're gonna be blown-away by the nature-feast that's awaiting you in Chile, Argentina and Peru. These photos capture a little of what we've seen on our previous adventures:

- ◆ gorgeous, colourful butterflies darting in all directions through the rainforest
- ◆ cute, curious penguins (Gentoos, Magellans, Kings & Rock-Hoppers) – nesting on bleak, wind-swept foreshores, caring for their young
- ◆ sea-lions in their thousands, elephant-seals fighting for territory, Andean condors riding the air-currents in search of prey
- ◆ wild guanacos (alpaca-cousins), giant albatrosses, an occasional fox on the hunt
- ◆ the endless, astonishing birdlife of Peru's 'cloud-forest': woodpeckers, hovering hummingbirds, the gorgeous orange Cock of the Rock (Peru's national bird)
- ◆ tiny, multi-coloured fruit-eaters, fly-catchers and nectar-drinkers flitting, darting, feeding amongst the branches just above our heads.

This 26-day Mad Midlife combination – luxury-at-sea plus discovery-on-shore – is gonna be truly **FANTASTIC!** Don't miss out! Come with us in March next year on the *ms Zaandam* – we're holding a **CABIN FOR YOU!** And, whatever you do, don't forget to bring your camera ...
